Afterschool Alliance: American Rescue Plan Provides Necessary Funding for the Child Care Block Development Grant

The Child Care and Development Block Grant (CCDBG) provides funding for low-income and working families so that they can access quality child care for children ages 0 to 13 years old. The American Rescue Plan provided \$39 billion of funding support for the CCDBG program and will be added to the \$5.9 billion appropriated for the program for FY 2021. Of the \$39 billion of federal aid, nearly \$15 billion will be utilized to expand child care assistance to families, providers, and support the child care needs of essential workers. The remaining funding, approximately \$24 billion, will be used to create a stabilization fund for eligible child care providers, including programs that were not eligible for previous CCDBG funding. The state of Illinois is projected to receive the following funding:

- Expanded Child Care Assistance: \$497,857,043
- Child Care Stabilization Fund: \$796,272,356

Centers for Disease Control and Prevention: COVID-19 Vaccination Survey

On March 2, 2021, the U.S. Department of Health and Human Services directed states and territories to get all teachers, school personnel, child care program educators, and other child care program staff members their first coronavirus disease 2019 (COVID-19) vaccination by the end of the month. We need

your help to monitor the implementation efforts of this directive. The Centers for Disease Control and Prevention (CDC) has developed a short survey to learn:

- The estimated number of staff in child care programs who have received a COVID-19 vaccination
- Their reasons for getting vaccinated
- The vaccination concerns or challenges that people who have not been vaccinated may have

To take the brief survey, click [here](#).
