### State Updates

#### [Guidance for PreK-12 School-Associated COVID-19 Outbreaks](#)

On **October 15, 2021**, the [Illinois Department of Public Health \(IDPH\)](#) announced that the agency will be following recommendations from the Centers for Disease Control and Prevention (CDC) and adopting the Council of State and Territorial Epidemiologists' (CSTE) guidance for PreK-12 school-associated outbreaks. Previously, CDC defined two cases associated with a school as an outbreak. **This new guidance defines a school outbreak as either (1) multiple cases comprising at least 10% of students, teachers, or staff within a core group or (2) at least three cases within a specified core group. A core group means only those individuals who were together during an exposure period. For example, this could be limited to a classroom, a sports team, before/after school care, performing arts, or other groups and likely does not apply to the entire school population.**

#### [FY21 Illinois Quality Program Self-Assessment \(IL-QPSA\) Tool Final Report](#)

As the world grappled with the effects and uncertainties of the global Coronavirus (COVID-19) Pandemic, the afterschool field leaped into action and quickly met the needs of youth, families, and communities across the state of Illinois. Programs pivoted from in-person academic, social, and recreational enrichment to remote and hybrid programming that ensured all youth and their families had access to food, the internet, and other essential supports. Organizations from a variety of community and school-based organizations with variability in funding, collectively serving thousands of youth, participated in the strengths-based self-assessment tool, the IL-

QPSA, throughout 2020-2021. This is a report that captures the process, data collection, and lessons learned during that time.

### **Resources on Ensuring Equity is Centered in Programming**

[The National Center on Afterschool and Summer Enrichment \(NCASE\)](#) has compiled and developed a variety of resources for program providers to utilize to ensure equity in program practices and facilitation of services.

- [Tips for School-Age Child Care Providers](#): Strategies for creating safe and welcoming spaces for school-age youth.
- [Tips for Parents and Caregivers](#): Suggested activities to encourage families and caregivers to reflect on the things they already do with their children to help them learn and practice equity.

### **America After 3PM Brief on Children with Special Needs or Disabilities**

[The Afterschool Alliance](#) has recently released a new America After 3PM brief on the experiences of youth with special needs and disabilities in afterschool programs. The short report also highlights the opportunities available to children in programs, qualities their parents care most about in afterschool programs, and areas of improvement for the afterschool field to reach all youth with special needs or disabilities.

### **COVID-19 Learning Gap and Identified Youth Needs**

[The American Youth Policy Forum \(AYPF\)](#) has published a blog post highlighting the impact on student learning during the COVID-19 pandemic. It specifically calls out the mental health crisis in young people and provides an explanation for why it's critical that program providers, school districts, and families implement social-emotional learning strategies in programming and everyday life.

## **Youth Development**

### **Lights On Afterschool Light Bulb Challenge!**

[The Afterschool Alliance](#) is encouraging program providers and youth across the United States to participate in the Light Bulb challenge this year! **On October 28, 2021, join in on the fun and share photos of your celebration on social media utilizing three different photo templates.** Don't forget to tag your elected officials, partners, and community members in your content!

### **MY SO - High-Quality STEM Program for Youth**

[Science Olympiad \(SO\)](#) is launching its MY SO program for the second year! This FREE STEM program is available to all students and educators - at home, in the classroom, after school, or on a Science Olympiad team. Each month, youth will dive into a different STEM topic - like Epidemiology - with a lesson plan that's aligned to the [Next Generation Science Standards \(NGSS\)](#), a career connection [video](#) featuring a STEM professional, and an optional national online test. Science Olympiad has also created the [MY SO 101 Guide](#) to support teachers, afterschool providers, principals, and families in providing high-quality STEM opportunities.

## Family and Community Partnerships

### [Resources for Celebrating LGBTQ History Month](#)

[ShareMyLesson](#) has compiled a variety of resources for providers and educators to use in celebrating LGBTQ History Month and elevating the contributions of this diverse community throughout the year as well.

### [ACT Now Constituent Equity Survey](#)

**ACT Now** is now in the process of developing a comprehensive organizational equity strategy. Your participation in this initiative is deeply appreciated and important to our evolution as a coalition. You're invited to take part in a [survey](#) that is designed to help **ACT Now** understand our organizational capacity and opportunities for growth through the lens of program providers, funders, and diverse coalition members. **The [survey](#) will take approximately 15 minutes to complete and is due by Thursday, November 4, 2021.** The [survey](#) is administered

by Thrive Paradigm and they will uphold the confidentiality of participants. Identifying information will not be shared with **ACT Now** staff nor coalition members. Our goal is to have every member participate as **survey** findings will inform the baseline equity report for the Coalition.
