##### [Reimagine Public Safety Act Funding Applications are LIVE](#)

**Yesterday, May 2, 2022**, Governor JB Pritzker announced the launch of \$113 million in funding opportunities for community-based organizations (CBOs) working on violence prevention initiatives in Illinois. This funding will expand the program, of which \$73 million has already been distributed by the [Illinois Department of Human Services \(IDHS\)](#) to organizations in FY22. Governor JB Pritzker also announced an additional \$71.8 million in the pipeline, with grant agreements expected to be finalized prior to the summer. These grant opportunities aim to reduce firearm violence by implementing evidence-based solutions such as youth development programming. As such, afterschool programs may be eligible to receive funding if based within the 42 areas across the state (26 in Chicago and 16 in the suburbs and downstate).

##### [Illinois Department of Public Health \(IDPH\) Health Equity Initiative](#)

**Yesterday, May 2, 2022**, the [Illinois Department of Public Health \(IDPH\)](#) shared that \$3.7 million in grants are available for communities outside of Cook County to address and implement COVID-19 health equity strategies. Up to 25 additional communities will receive \$10,000 microgrants to advance health equity. **Applications open June 1, 2022, and are due June 27, 2022, by 5:00 p.m.** Applicants are encouraged to attend a series of informational webinar sessions to learn more and to qualify to apply for the grants starting:
