Illinois State Board of Education and Illinois Department of Public Health: New Guidance on Summer School and Summer Activities

On **June 4, 2020**, the Illinois State Board of Education (ISBE) and Illinois Department of Public Health (IDPH) jointly released Part Two of the Transition Plan Advisory Workgroup's recommendations for transitioning to in-person programming. Click [here](#) to review the full guidance, which

focuses on activities allowed in Phase III of Governor Pritzker's [Restore Illinois Plan](#). Activities allowed in Phase III include:

- **Host Summer Camps and Other Programs:** Schools and districts may allow buildings to be used for summer camps and other programs sponsored by third parties. Playgrounds may not be used.
- **Staff Meetings and Professional Development:** Districts may convene staff members for any appropriate training, planning, and professional development purposes.
- **Summer Meals Distribution:** ISBE highly encourages school districts to continue to provide meals through the summer. [Public Act 096-0734](#) requires every public school in which at least 50% of the students were eligible for free and reduced-price lunches and has a summer school program must provide a summer breakfast and/or lunch to the students in the summer school and children in that community.
- **Summer School:** Schools and districts may conduct in-person summer school. Special populations, which may include students with IEPs, English Learners, and students who received incompletes during remote instruction, should receive priority consideration for services.
