This piece of legislation is designed to expand access to supervised learning for students through the remainder of the COVID-19 public health crisis. **The legislation would provide \$1.2 billion in additional funding and greater flexibility for the Nita M. Lowey 21st CCLC program by allowing afterschool providers to operate when schools are instructing virtually and not offering class in-person.** The bill differs slightly from the U.S. House of Representatives' version, which can be accessed [here](#).
