Afterschool Workforce Survey

ACT Now recognizes the sacrifice, hardship, and resilience that the afterschool field has shown, and continues to show, amidst the ongoing pandemic. We acknowledge that our programs are part of the state's frontline network by providing support services to youth and communities across Illinois. We also are acutely aware that there are widespread vacancies, high staff turnover, and other challenging issues associated with working in the out-of-school time (OST) space. As a result, **ACT Now** has developed a [brief 15-minute survey](#) for the field to understand the key reasons for why individuals choose to stay and/or leave their OST positions. We will analyze this data and leverage your responses to inform our policy campaigns and advocate on behalf of afterschool providers with policymakers. **This survey will be live until February 10, 2022, at 5:00 p.m.** Please note that all information will be confidential unless otherwise indicated by the individual in the submission.

[**Complete the Survey!**](#)

In addition to our survey, we are holding [several focus group opportunities](#) to invite programs to share additional thoughts on the current afterschool workforce. Each focus group participant will receive a \$25 Target gift card for their participation. **Note:** Individuals interested in taking part in these focus groups must complete the survey to be considered.

Policy Updates

Federal Updates

[America COMPETES Act Proposed in U.S. House of Representatives](#)

On **January 25, 2022**, the U.S. House of Representatives released the [America COMPETES Act](#), a response to the \$250 billion bill the Senate passed in June known as the U.S. Innovation and Competition Act. The House bill includes a Pre-K through 8th grade informal STEM grant program through the National Science Foundation that would provide grants to institutions of higher education or non-profit organizations on a merit-reviewed, competitive basis, for research on programming that engages students in grades preK-8, including underrepresented and rural students, in STEM. Programming included in the bill highlights before-school, afterschool, out-of-school, or summer activities, including in single-gender environments or programming, that are designed to encourage interest, engagement, and skills development for students in STEM.

[Project Prevent Grant Program Public Comment Period Open](#)

[The U.S. Department of Education](#) is soliciting public comments on the Project Prevent Grant Program. This program aims to direct funds toward local educational agencies to implement community- and school-based strategies to help prevent and mitigate firearm crime and other forms of community violence. The proposed priorities emphasize the importance of a coordinated effort between schools and community-based organizations.

State Updates

[Illinois Works Pre-Apprenticeship Program Grantees Released](#)

On **January 27, 2022**, Governor JB Pritzker and the Illinois Department of Commerce and Economic Opportunity (DCEO) released information on the Illinois Works pre-apprenticeship program and the program's list of grantees. This program invest \$10 million in pre-apprenticeship programs across the state in order to develop a qualified talent pipeline in the construction trades and ensuring underrepresented populations, including women and people of color, gain access to these types of career opportunities. **ACT Now** would like to congratulate our partners Metropolitan Family Services, and the Quad County Urban League, Aurora, for receiving funding to advance pre-apprenticeship programming for youth and young adults!

[Proposal for COVID-19 Sick Leave for Vaccinated School Staff Announced](#)

On **January 24, 2022**, Governor JB Pritzker, the [Illinois Education Association](#), the [Illinois Federation of Teachers](#), and other partners announced that the state has proposed a bill that would allow vaccinated employees at K-12 schools, universities, and colleges in Illinois to use paid time leave for COVID-19-related absences. This action would only apply for personnel that are fully-vaccinated but would cover their families as well. The Governor's Office is working to file this bill in the state legislature.
