U.S. Department of Education: 21st Century Waiver Issued

On **September 3, 2020**, the U.S. Department of Education announced that it will be issuing a nationwide waiver which will provide 21st Century Community Learning Center (21st CCLC) grantees with the ability to facilitate programming and provide support services during the school day. This decision will allow State Education Agencies (SEAs), such as the Illinois State Board of Education (ISBE), to waive the definition of Community Learning Center(s) as being entities only allowed to provide services during “non-school hours or periods when school is not in session (such as before and after school)” during school year 2020-2021. While the notice allows for a 60 day comment period, the U.S. Department of Education is permitted to offer and approve waivers during the comment period. To read more, click [here](#). To review the waiver request, click [here](#).

U.S House of Representatives: 21st Century Community Learning Centers Coronavirus Relief Act of 2020 Proposed

On **September 4, 2020**, U.S. Representatives Susan Wild (D-PA) along with Representatives Brian Fitzpatrick (R-PA), Jeff Van Drew (R-NJ), Suzanne Bonamici (D-OR), Dwight Evans (D-PA), and Don Young (R-AK), proposed the 21st Century Community Learning Centers Coronavirus Relief Act of 2020 in the House. This bill provides flexibility for grantees to facilitate either in-person or remote programming during traditional school hours when school is occurring not physically in-person, but rather virtually or in a hybrid setting. The legislation only applies to the 2020-2021 school year. To read more about the proposed bill, click [here](#).

Youth Development

ACT Now Training: NBA Math Hoops

The NBA Math Hoops program harnesses the competitive fun of a board game in the culturally relevant context of the NBA in order to both develop the cognitive skills of basic arithmetic, decision-making, and visual analysis while simultaneously developing students' intrinsic interest in the real world application of math. On **September 30, 2020, at 10:00 a.m. to 12:00 p.m., ACT Now** will be holding a workshop to teach afterschool providers how they can implement NBA Math Hoops in their own programs. Participants will receive free access to NBA Math Hoops materials. To register for this event, click [here](#).
