Illinois State Board of Education January Board Meeting Recap

On **January 18, 2023**, the [Illinois State Board of Education](#) (ISBE) met for its monthly Board meeting. To access the recordings and meeting materials, click [here](#). Board members heard public comment on topics including increasing the state agency's proposed Fiscal Year 2024 (FY24) budget ask for the Evidence-Based Funding (EBF) and the Early Childhood Education grant lines. Public comment also focused on prioritizing student literacy. Board members then recognized State Superintendent Dr. Carmen Ayala's contributions to the agency, as well as several members of the board whose terms will end on **February 1, 2023**.

The Board then turned its attention to presentations on School Year 2022-2023 PreK-12 enrollment and state assessments. Board members also heard a brief presentation on the agency's \$10.274 billion FY24 Budget recommendation to Governor JB Pritzker for Birth to 12 Education. This is a \$515.8 million increase over the current FY23 budget. ISBE proposed:

- \$4 million for After School Matters
- \$20 million for After School Programs
- A \$350 million increase for EBF for a total of \$8.279 billion for FY24
- A \$59.8 million, or a 10 percent increase, for Early Childhood Education for a total of \$657.951 million for FY24
- A \$2.664 million increase for Career and Technical Education (CTE) for a total of \$2.664 million for FY24. This line item has been level funded for over two decades and funding will be allocated based on CTE enrollment data.
- \$2.5 million for the School STEAM Grant Program Fund
- \$17 million for the Freedom Schools Fund
- A new appropriation of \$3 million for the Computer Science Education Equity program. This legislative appropriation aims to increase students' Computer Science

outcomes and decrease barriers to access to technology in Illinois. Funding will be used for curriculum, staff professional development, and initiating the program.

- ISBE Board members expressed concern about funding gaps related to federal COVID-19 relief dollars for school districts and recommended finding sustainable ways to ensure that EBF receives incremental increases each fiscal year (FY).

Finally, the Board heard a presentation on its strategic plan where the successes of the seven regional SEL hubs and other administrative accomplishments were shown. ISBE Board members then approved all items on the Consent Agenda and voted to approve the FY24 Budget recommendation. After approving upcoming Board actions, the meeting adjourned. **The next ISBE Board meeting will take place on February 16, 2023.**
